# The 5<sup>th</sup> International Academic & Cultural Exchange 2022

(onsite and online)

19<sup>th</sup> – 20<sup>th</sup> September 2022

# IACE 2022

Organized by Thepsatri Rajabhat University in collaboration with Universiti Teknologi Mara Kedah Branch, Universitas Sarjanawiyata Tamansiswa, Ho Chi Minh City University of Technology, and Universitas PGRI Adi Buana Surabaya, Saint Louis University, Sebelas Maret University, and National Pingtung University

## PREFACE

International partnerships among universities are beneficial to all, ranging from students to staff. The rate of internationalization is increasingly rapid due to various communication channels and inexpensive travel. Evidently, most universities across the world are already seeking to make the most of the possibilities by forming global partnerships and fostering relationships with other institutions. This effort mainly aims to promote students' and staff's potential and to strengthen culture as well as the relationship among university networks.

Forming international university partnerships offers students an opportunity to learn not only academic and cultural aspects but also life skills. Additionally, it enables universities to better understand the culture of other nations, thereby facilitating their marketing success there.

The 5<sup>th</sup> International Academic & Cultural Exchange 2022 (IACE 2022) is annually organized by Thepsatri Rajabhat University (TRU) in order to provide students and staff from our university networks with valuable opportunities to present and exchange their learning and working outcomes.

Hopefully, the 5<sup>th</sup> International Academic & Cultural Exchange 2022 will be successful and productive for all participants and bring such strong friendship among the universities.

Asst. Prof. Dr. Kanya Barndt  
Acting President  
Thepsatri Rajabhat University  
Lop Buri, Thailand

## INTRODUCTION

Thepsatri Rajabhat University has been organizing an international competition since 2013, starting from an international English speech contest, in which more than 40 contestants from ASEAN countries cordially participated. Furthermore, an international academic conference, an international conference and seminar and a cultural exchange among participating universities from Thailand, Malaysia, Indonesia as well as Vietnam were, in the following years, successfully organized, respectively. Realizing the importance of partnerships at both national and global levels so as to strengthen academic cooperation, considered as a whole as advantageous to staff and students, and such awareness of cultural harmonies, Thepsatri Rajabhat University (Thailand) in collaboration with Universiti Teknologi Mara Kedah Branch (Malaysia), Universitas Sarjanawiyata Tamansiswa (Indonesia), Ho Chi Minh City University of Technology (Vietnam), Universitas PGRI Adi Buana Surabaya (Indonesia), Saint Louis University (the Philippines), Sebelas Maret University (Indonesia), National Pingtung University (Taiwan) is organizing the 5<sup>th</sup> International Academic & Cultural Exchange 2022 (Onsite and Online) on 19<sup>th</sup> – 20<sup>th</sup> September 2022, aiming to authentically widen and promote students' and staff's knowledge as well as expertise in terms of education, economy, technology, culture, and other essential related areas.

The 5<sup>th</sup> International Academic & Cultural Exchange 2022 (Onsite and Online) comprises of International English Speech Contest, Student International Cultural Exchange, English Newscasting Competition, and Online International Conference on “Simulation Games for Language Learning: Trends and Issues in Post-COVID 19 Era”, which all interested individuals can freely select to participate according to their fields of study and interests.

Last but certainly not least, on behalf of the organizers, we do hope you would find this international event valuable as well as interestingly beneficial and eventually decide to be a part of this memorable academic achievement with us.

## **I. INTRODUCTION**

Over a decade, ASEAN has been increasingly recognized by peoples in Southeast Asian nations as a large number of such public and private organizations have been deliberately preparing their members, with an emphasis on raising their awareness in regard to effects of becoming one of the founding members of the ASEAN Community. Apart from a particular focus on ASEAN knowledge, the English abilities of citizens in each ASEAN country are considered as equally crucial since this language has been used widely as an international means for global communication.

In as much as English is reasonably essential and apparently required as concisely mentioned, not only do ASEAN universities beneficially offer English courses to students, but they also provide them with extracurricular activities, especially exchange events and competitions among educational institutions, to enhance their English proficiency and personal interactions.
