

July 22th, 2011

Dear **Weerayute Sudsomboon** and **Boonsong Hemwat**,

Thank you for submitting an abstract for the International Conference on Educational Research (ICER) 2011 to be held in Khon Kaen, Thailand from September 9th to 10th, 2011. I am pleased to advise you that your abstract entitled **"The Influence of Learning to Troubleshoot on Self-efficacy and Metacognitive Prompting on Automotive Problem-Solving Efficiency"** has been reviewed and accepted for oral presentation.

The format for presentation of papers at this conference will be the same as that used at many educational research conferences, for example, the annual meeting of the American Educational Research Association. At this stage, you will have 15 minutes for paper presentation followed by 5 minutes discussion time. We may be able to extend this time if the total number of papers does not reach the number anticipated. Each of the paper presentation rooms will have a computer, projector, overhead projector and, if necessary, someone to help you with the technology. We suggest that you bring your presentation on a CD or thumb drive.

Full papers and registration should be submitted no later than 15th August 2011. Proceedings will be distributed in the conference. The schedule of the conference will be announced in the conference website before 20th August 2011.

We look forward to welcoming you in Khon Kaen in September.

Yours sincerely,

Assist. Prof. Chokchai Yuenyong, Ph.D.
Conference secretariat
ICER 2011
